**September 11, 2017**

## **Withdrawal of Force Majeure declaration by INEOS Calabrian Corporation**

Dear Valued Customer,

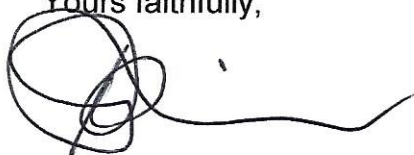

Following our letter dated, August 30, 2017, we are pleased to confirm, we are now in a position to lift our *Force Majeure* declaration resulting from the impacts of the hurricane that hit Texas and Louisiana last month.

Therefore, as of Monday September 11, 2017 we will resume our normal supply arrangements to our customers for sulfur dioxide, sodium bisulfite, sodium thiosulfate and sodium metabisulfite.

Your INEOS Calabrian representative will contact you to discuss your requirements and how we return to our normal business partnership.

Finally, on behalf of the whole INEOS Calabrian organization, we would like to extend our thanks to you, our valued customers, for the sympathy, understanding and support you have shown to us through this difficult period.

Yours faithfully,

Ralston Skinner  
Chief Operating Officer

On behalf of INEOS Calabrian Corporation
